

Thermon Product Lifecycle Announcement (Updated)

END-OF-LIFE FOR TCM18 MULTI-POINT CONTROL PANELS

Thermon announces the end-of-life (EOL) for TCM 18 Control Panels and provides a notification concerning the availability of the replacements. The TCM18 Control Panel is a fully functional panel consisting of one or many TCM18 Control Modules, switching devices, and optional power distribution.

Key milestone dates are indicated below in Table 1. New TCM18 Control Panel Sales will be halted to preserve the remaining inventory for spares and TC1818 conversions.

Table 1: Milestone Definitions and Dates (Updated)

Milestone	Definition	Date
End-of-Life (EOL) Announcement	The date that the obsolete product's end-of-life is publicly announced.	October 28, 2022
End-of-Sale (Panels):	The last date to place an order for the sale of new TCM18 control panels. Replacement controllers will be available.	December 31, 2022
End-of-Sale (Parts):	The last date of offering module and part replacements.	March 31, 2027

Product Transition Information (Updated)

Thermon has launched [Genesis Evo](#) as a retrofit kit option to replace the TCM18 controllers in the older panels and upgrade them to Genesis panel capabilities. Thermon will continue to provide support for any technical queries.

Customers are encouraged to plan for currently installed TC1818 and TCM18 Control Panels. Please contact your local Thermon Sales representative to discuss the available options.
